OBJECTIVE

To obtain **job** in your organization and provide my best possible services to enhance my own skill by working under an excellent and a dynamic environment couple with development of resourceful employee for you in long term.

INTRODUCTION

I am a Pharmacist from Jinnah University and counted among the most participative and active student of the batch. Having a thorough understanding of theory which is re-strengthen by attending variety of seminars along with regular classes, I am keen to apply my theoretical knowledge in practice.

Beside regular educational qualification, I am well aware of latest technology and excel in communication skills. My habit of regular research about pharmaceutical industry through internet has enriched me with the knowledge of industry practices and developments and equipped me with the traits needed to deal with variety of situations in an innovative, effective and efficient manner.

I promise you that if selected, I will prove myself to be most brilliant employ of your organization which may provide you benefit as a competent staff member in long term.
