Intermediate (Pre-Medical) (2006-2008)	B.I.S.E Hyderabad	Percentage: 81.18% (A1-Grade)
Matriculation (Science) (2004-2006)	B.I.S.E Hyderabad	Percentage: 82.47% (A1-Grade)

## **Experiences**

### **. Internee at Liaquat university hospital (Civil hospital)**

***(10-06-2013 To 09-07-2013)***

Internee Pharmacist in medicine unit 4 and learned about;

- Medicines prescribed according to the diagnosis made ,
- Patient medication profiles,
- Direct patient care,
- Optimize and Rational Drug use and regarding with proper control of medicines,
- Witnessed the handling of different emergency situations

### **. Internee at Novartis Pharma Pak Ltd , Jamshoro**

***(04-02-2015 to 15-03-2015)***

While being an internee , I visited three different areas there ;

1. Production
2. Quality assurance
3. Ware house

And I used to observe and note all the important points of the operation being carried out during my training.

#### **1. In Production**

- I learned about the manufacturing and packaging of different dosage forms E.g syrups , semi solids and tablets.
- I learned about the process flow and necessary documentation which is being carried out for an operation.
- Standard MIs(manufacturing instructions) and PIs(packaging instructions) are followed for the manufacturing and packaging of the pharmaceuticals.
- I also witnessed different manufacturing processes (granulation, compression, coating) and of packaging (syrup/semi solid filling and packaging , blister packaging).

#### **2. Quality Assurance**

- I visited 4 different labs during my training.
  - Raw material lab (RM)
  - Packaging lab
  - Microbiological testing lab
  - Semi Finished (SF) /stability lab

- At all these , I learned about different tests and analysis being carried out on the different materials i.e raw material , packaging material , semifinished dosage forms (tablets).
- I also participated and did some types of tests and analysis during my training.
- I also learned about the documentation which is kept as record for the activities being done.

### **3. Ware house**

I learned about the flow process and different activities carried out at the ware house and visited ;

- Raw material ware house
- Packaging material ware house
- Finished goods ware house.

#### **Skills**

- Teaching
- MS Office
- Team Working
- Communication Skills
